Did you know ...

Every year, many people die on our beaches and many more get into trouble as a result of unavoidable accidents. Lifeguards play a key role in reducing these accidents through their proactive role on the beaches.

Continue your support and help keep the beaches safe!

The RNLI depends on voluntary contributions and legacies to run the lifeboats that save lives at sea. It costs on average around £335,000 per day to keep the lifeboat service running.

Help us help you!

24 hours a day, 365 days a year, our volunteer crews are ready to drop everything and save others in danger. They do not expect to be paid, or even thanked, but they do deserve the very best boats, training and equipment. You can make sure they receive this vital support by renewing your membership.
